## BLACK TEAS

### EARL OF GREY

*Steep 3–5 minutes*

Bergamot flavoring on full leaf black tea with balanced proportions of other citrus, vanilla, licorice root, and mallow flowers make a deeper liquor, captivating aroma and sweet & creamy flavor profile.

### ASSAM

*Steep 3–5 minutes*

This esteemed amber brew is smooth, sweet, and sophisticated. Rich honey notes emerge, with malty undertones more subtle than a conventional, more astringent Assam. These larger leaves deliver a blissful cup that will transport you straight to India's Assam Valley.

## WHITE TEAS

### PICKED WHITE

*Steep 2–3 minutes*

White teas are the least processed of all teas. They release the least amount of caffeine and are the highest in antioxidants. These pure white tea leaves from Guangxi, China, steep into a light yellow, smooth liquor and impart only the lightest buttery sweetness with a slight apricot fragrance. You may find yourself in a Zen state of wakeful relaxation after just one cup.

## GREEN TEAS

### ORGANIC JASMINE

*Steep 2–3 minutes*

Organic green tea leaves infused with the fragrance from jasmine flowers. Smooth, delicate liquor is produced from these rich green tea leaves.

## HERBAL TEAS

### ORGANIC ROOIBOS

*Steep 6–7 minutes*

A smooth, rich, earthy-sweet herbal tea delight! Touted for numerous health benefits including protection against the sun's UV rays, promoting a healthy immune system, anti-allergen effects, and colic protection. Very rich in antioxidants & minerals.

### ROSEBUD & PETALS

*Steep 6–7 minutes*

A full rosy taste and aroma match the visual beauty of these rosebuds & petals! This soothing herbal tea consists purely of rose buds and petals. Brewing offers a flowery aroma, a light sweet taste, and a golden infusion. Calming qualities to elevate your day
